

BOTULINUM TOXIN CONFERENCE 2019

Friday december 6th 2019
Paris – France

**ESPACE SAINT MARTIN
199 bis, rue Saint-Martin
75003 PARIS – France**

SCIENTIFIC PROGRAMME

(english version)

www.toxine-botulique.com

Conference Direction

Dr Jérôme Paris
Dr Guillaume Paris

Scientific Direction

Dr Frédéric Braccini
Dr Hervé Collado
Dr Philippe Kestemont
Dr Patrick Klap
Dr Jérôme Paris
Dr Guillaume Paris

Speakers

Dr Christine Bach (ENT surgery)

Dr Nicolas Bayle (Physical Medicine & Rehabilitation)

Dr Frédéric Braccini (ENT & Facial Plastic Surgeon)

Dr César Cartier (ENT & Facial Plastic Surgeon)

Dr Hugues Cartier (Dermatology)

Dr Giovanni Castelnovo (Neurology)

Dr Isabelle Catoni (Dermatology)

Dr Olivier Claude (Plastic Aesthetic and Reconstructive Surgery)

Pr Cyrille Chossegros (Maxillo-facial Surgery)

Dr Hervé Collado (Physical Medicine & Rehabilitation)

Dr Jean-Pascal Devailly (Physical Medicine & Rehabilitation)

Dr Arnaud Deveze (ENT surgery)

Pr François Droz Bartholet (Physical Medicine & Rehabilitation)

Dr Emmanuelle Florens (Cardiology)

Dr Philippe Garcia (Plastic Aesthetic and Reconstructive Surgery)

Dr Brigitte Girard (Ophtalmology)

Dr Charles Jousain (Physical Medicine & Rehabilitation)

Dr Philippe Kestemont (ENT & Facial Plastic Surgeon)

Dr Patrick Klap (ENT surgery)

Pr Ollivier Laccourreye (ENT surgery)

Dr Jacques Lagier (Ophtalmology and oculoplastic surgery)

Dr Frédérique Le Breton (Physical Medicine & Rehabilitation)

Sylvie Lefranc

Dr Anne Le Pillouer Prost (Dermatology)

Dr Jonathan Levy (Physical Medicine & Rehabilitation)

Dr Marie Mailly (ENT & Facial Plastic Surgeon)

Dr Jacques Majer (ENT surgery)

Dr Sebastien Malan (Radiology)

Dr Albertine Marchadier (Plastic Aesthetic and Reconstructive Surgery)

Pr Jean-Paul Marie (ENT surgery)

Dr Marie-Hélène Marion (Neurology)

Dr Fabrice Michel (Physical Medicine & Rehabilitation)

Dr Maryam Milady (Dermatology)

Dr Pascal Mourtialon (Gynecology)

Dr François Niforos (Plastic Aesthetic and Reconstructive Surgery)

Dr Jérôme Paris (ENT & Facial Plastic Surgeon)

Dr Guillaume Paris (Physical Medicine & Rehabilitation)

Dr Sylvie Poignonec (Plastic Aesthetic and Reconstructive Surgery)

Dr Bernard Poulain (Basic Research)

Dr Victorine Quintaine (Physical Medicine & Rehabilitation)

Dr Danièle Ranoux (Neurology)

Dr Olivier Richard (Maxillo-facial Surgery)

Dr Henri Sabatier (Plastic Aesthetic and Reconstructive Surgery)

Dr Marjorie Salga (Physical Medicine & Rehabilitation)

Dr Hayet SALHI (Neurology)

Dr Eric Sarfati (Ophtalmology and oculoplastic surgery)

Dr Jean-Marc Trocello (Neurology)

Pr Eric Viel (Pain medicine)

Programme at a glance

8h30	Welcome		
9h00-10h30	PLENARY SESSION More than 30 years of toxin		
10h30-11h00	Coffee break – visit of the exhibition		
	ENT room	PMR room	COSMETIC room
11h00-12h00	Pharynx & Larynx	Focus Multiple sclerosis	Anatomy & upper third of the face
12h00-13h00	Mandibular dysfunction	Movement disorders	Lower third of the face & neck
13h00-14h00	Lunch – visit of the exhibition		
14h00-15h30	PLENARY SESSION Toxin & salivary glands		
15h30-16h00	Coffee break – visit of the exhibition		
16h00-17h00	Face symmetrization	Future indications of toxin	Toxin, skin & cicatrization
17h00-18h00	Botulinum toxin & pain	Sport & joints	Difficult cases in cosmetics
18h00	Adjourn		

9h00-10h30

PLENARY SESSION – 2019 daily practice after 30 years of toxin

Chair : Jérôme PARIS, Guillaume PARIS

- More than 30 years of toxin. **M-H Marion**
- Basics of toxin. **B Poulain**
- Medico-economic evaluation. **J-P Devailly**
- Indications of US guided injections - **J Paris, G Paris, S Malan**
- Round table: US guided vs électrostimulation guided injections. **M-H Marion, P Klap, G Castelnovo, F Braccini**
- **Industrial symposium MERZ**

10h30-11h00 **COFFEE BREAK – VISIT OF THE EXHIBITION**

11h00-12h00

PHARYNX & LARYNX

Chair : Patrick KLAP, Marie-Hélène MARION

- Management of laryngeal dystonia with toxin. **J-P Marie**
- Toxin and uppertract dysphagia. **C Cartier**
- Rare spasmodic dysphonia : tip and tricks for toxin injection. **P Klap**

12h00-13h00

TMJ & MANDIBULAR DYSFONCTION

Chair : César CARTIER, Cyrille CHOSSEGROS, Olivier RICHARD

- Toxin for post radiation trismus. **Ch Bach**
- Management of oromandibular dystonia. **J Majer**
- Toxin for TMJ and mandibular dysfunction **O. Richard**

13h00-14h00 **LUNCH– VISIT OF THE EXHIBITION**

14h00-15h30

PLENARY SESSION – TOXIN AND SALIVARY GLANDS

Chair : Patrick KLAP, Giovanni CASTELNOVO, Jérôme PARIS

- Botulinum toxin and hypersialorrhea. **G Castelnovo**
- Botulinum toxin and obstructive salivary disorders. **C Chossegros**
- Frey Syndrome and botulinum toxin. **O Lacourreye**
- Toxin and postoperative complications of salivary glands surgery **J. Paris**
- **Industrial symposium IPSEN**

15h30-16h00 **COFFEE BREAK – VISIT OF THE EXHIBITION**

16h00-17h00

FACIAL SYMMETRIZATION

Chair : Philippe KESTEMONT, Marie-Hélène MARION, Jérôme PARIS

- Anatomy and face symmetrization. **Ph Kestemont**
- Hemifacial spasm and blepharospasm. **B Girard**
- Periorbital and glance symmetrization. **J Lagier**

17h00-18h00

PAIN AND TOXIN

Chair : Giovanni CASTELNOVO, Eric VIEL, Danièle RANOUX

- Botulinum toxin and headache. **D Ranoux**
- Neuropathic pain and toxin. **E Viel**
- Trigeminal neuralgia, new therapeutic approach. **A Deveze**

« PMR » room

9h00-10h30

PLENARY SESSION – 2019 daily practice after 30 years of toxin

Chair : Jérôme PARIS, Guillaume PARIS

- More than 30 years of toxin. **M-H Marion**
- Basics of toxin. **B Poulain**
- Medico-economic evaluation. **J-P Devailly**
- Indications of US guided injections - **J Paris, G Paris, S Malan**
- Round table: US guided vs électrostimulation guided injections. **M-H Marion, P Klap, G Castelnovo, F Braccini**
- **Industrial symposium MERZ**

10h30-11h00 **COFFEE BREAK – VISIT OF THE EXHIBITION**

11h00-12h00

FOCUS MULTIPLE SCLEROSIS

Chair : Jonathan LEVY, Marjorie SALGA

- Which early stage patients should be injected? **V Quintaine**
- Toxin injection strategy for spasticity and overactive bladder. **J Levy**
- Perineural vs intramuscular injection. **M Salga VS F Droz Bartholet**

12h00-13h00

MOUVEMENT DISORDERS / PARKINSON

Chair : Nicolas BAYLE, Victorine QUINTAINE, Hayet SALHI

- Toxin and essential tremor. **JM Trocello**
- Parkinson syndromes and toxin. **N Bayle**
- Neuro-urology and toxin. **C Jousain**

13h00-14h00 **LUNCH– VISIT OF THE EXHIBITION**

14h00-15h30

PLENARY SESSION – TOXIN AND SALIVARY GLANDS

Chair : Patrick KLAP, Giovanni CASTELNOVO, Jérôme PARIS

- Botulinum toxin and hypersialorrhea. **G Castelnovo**
- Botulinum toxin and obstructive salivary disorders. **C Chossegros**
- Frey Syndrome and botulinum toxin. **O Lacourreye**
- Toxin and postoperative complications of salivary glands surgery **J Paris**
- **Industrial symposium IPSEN**

15h30-16h00 **COFFEE BREAK – VISIT OF THE EXHIBITION**

16h00-17h00

FUTURE INDICATION OF TOXIN

Chair : Arnaud DEVEZE, Charles JOUSSAIN

- Anorectal disorders and toxin. **F Le Breton**
- Myocardial toxin injection and cardia dysrhythmia. **E Florens**
- Toxin and gynaecological indications. **P Mourtialon**
- Toxin for prevention of postoperative pancreatic fistulas. **M Palazzo**
- Axillary and plantar hyperhidrosis. **A Marchadier**

17h00-18h00 **SPORT AND JOINTS**

Modérateurs : Hervé COLLADO, Guillaume PARIS

- Arthrose : toxine, PRP ou acide hyaluronique? **H Collado, G Paris, F Michel**
- Syndrome de loge : diagnostic, mesure de pression et toxine – **C Palazzo**
- Exercise induced laryngeal obstruction and toxin – **M Mailly**

« Cosmetics » room

9h00-10h30

PLENARY SESSION – 2019 daily practice after 30 years of toxin

Chair : Jérôme PARIS, Guillaume PARIS

- More than 30 years of toxin. **M-H Marion**
- Basics of toxin. **B Poulain**
- Medico-economic evaluation. **J-P Devailly**
- Indications of US guided injections - **J Paris, G Paris, S Malan**
- Round table: US guided vs électrostimulation guided injections. **M-H Marion, P Klap, G Castelnovo, F Braccini**
- **Industrial symposium MERZ**

10h30-11h00 **COFFEE BREAK – VISIT OF THE EXHIBITION**

11h00-12h00 **ANATOMY & UPPER THIRD OF THE FACE**

Chair : Frédéric BRACCINI, Sylvie POIGNONEC

- Face muscle applied anatomy. **Ph Kestemont**
- Toxin in the frontal-orbital area : technique optimization. **O Claude**
- Ptosis management with botulinum toxin. **E Sarfati**
- Diversity of upperface muscles : injection technique refinements. **H Sabatier**

12h00-13h00 **LOWER THIRD OF THE FACE AND NECK**

Chair : Olivier CLAUDE, Henri SABATIER

- Applied anatomy of the neck and lower third. **Ph Garcia**
- Toxin in the nose and peri-oral area. **F Braccini**
- Threads and toxin for symetrization of the lower third of the face. **S Poignonec**
- Non surgical management of the aging neck. **F Niforos**

13h00-14h00 **LUNCH– VISIT OF THE EXHIBITION**

14h00-15h30 **PLENARY SESSION – TOXIN AND SALIVARY GLANDS**

Chair : Patrick KLAP, Giovanni CASTELNOVO, Jérôme PARIS

- Botulinum toxin and hypersialorrhea. **G Castelnovo**
- Botulinum toxin and obstructive salivary disorders. **C Chossegros**
- Frey Syndrome and botulinum toxin. **O Lacourreya**
- Toxin and postoperative complications of salivary glands surgery **J. Paris**
- **Industrial symposium IPSEN**

15h30-16h00 **COFFEE BREAK – VISIT OF THE EXHIBITION**

16h00-17h00 **TOXIN, SKIN AND CICATRIZATION**

Chair : Isabelle CATONI, Hugues CARTIER

- Skin healing and toxin. **H Cartier**
- New injection devices for toxin. **A Lepillouer**
- Toxin and off label dermatological indications, review of literature. **M Milady**
- True or false about toxin? review of the scientific literature. **I Catoni, M Milady**
- What about chinese toxins in private practice? **M Milady**

17h00-18h00 **DIFFICULT CASES IN COSMETICS**

Chair : Frédéric BRACCINI, Isabelle CATONI, Philippe KESTEMONT

- Case reports : how to avoid eyebrow ptosis?
- Case reports : How to manage peri-oral bar code?
- Case reports : how to inject the DAO?
- Mindfulness myomodulation and face relaxation. **Sylvie Lefranc**
