WELCOME

Dear colleagues, dear friends,

We are happy to invite you to participate to the third edition of the “botulinum toxin 2020” conference which will take place in Paris, on the 13th of March 2020.

The use of botulinum toxin knows an extraordinary advantage which more and more patients benefit from, in a number of pathologies and medical specialties.

The richness of this conference resides in its multidisciplinary character, definitely practical. The subject is fascinating thanks to its variety and the diversity of the different represented specialties. Certains indications have been established, however a number of others still have to be defined through the use of the multiple clinical researches in progress.

The objective of this multidisciplinary day is to allow everyone to share their experience and to actualise their knowledge on the last evolution of the usage of botulinum toxin.

The head and neck indications will be considered by our ENT, maxillofacial surgeons, ophthalmologists and plastic surgeons friends and colleagues.

The indications in physical and rehabilitation medicine will make up a specific chapter. The mentioned topics will be extremely transversal and will interest our fellow sports doctors, rheumatologists, neurologists, pain doctors, urologists and gynecologists.

The indications in aesthetic medicine and surgery will again interest several specialties in a transversal way in order to promote exchanges between specialties: cosmetic surgeon, dermatologist, aesthetic doctors, facial plastic surgeons.

We are expecting you in Paris on March 13th 2020, at Les Salons Hoche, in the heart of Paris.

Best wishes

Dr Jérôme PARIS and Dr Guillaume PARIS

PLENARY ROOM

Chair: **Jérôme PARIS, Guillaume PARIS**

- Lecture: More than 30 years of toxin - **Sophie Sangla**
- Round table: **Frédéric Braccini, Jean-Pascal Devailly, Giovanni Castelnovo, Brigitte Girard, Patrick Klap, Sébastien Malan, Sophie Sangla, Bernard Poulain**
- Basics of toxin - **Bernard Poulain**
- Nerve sprouting and toxin - **Brigitte Girard**
- Medico-economic evaluation - **Jean-Pascal Devailly**
- Indications of US guided injections - **Guillaume Paris, Jérôme Paris, Sébastien Malan**
- Round table: US guided vs électro-stimulation guided injections - **Sophie Sangla, Patrick Klap, Giovanni Castelnovo, Frédéric Braccini**

10h20-10h30

INDUSTRIAL SYMPOSIUM

10h30-11h00

COFFEE BREAK – EXHIBITION VISIT

11h00-12h00

PHARYNGO-LARYNX

Chairs: **César CARTIER, Patrick Klap, Jérôme PARIS**

- Management of laryngeal dystonia with toxin - **Jean-Paul Marie**
- Toxin and uppertract dysphagia - **César Cartier**
- Rare spasmodic dysphonia: tip and tricks for toxin injection - **Patrick Klap**

12h00-13h00

TMJ & MANDIBULAR DYSFONCTION

Chair: **César CARTIER, Cyrille CHOSSEGROS, Olivier RICHARD**

- Toxin for post radiation trismus - **Christine Bach**
- Management of oromandibular dystonia - **Jacques Majer**
- Toxin for TMJ and mandibular dysfunction - **Olivier Richard**

13h00-14h00

LUNCH

14h00-15h20

Chair: **Patrick Klap, Giovanni CASTELNOVO, Jérôme PARIS**

Mutlidisciplinary session: **BOTULINUM TOXIN AND SALIVARY GLANDS**

- Botulinum toxin and hypersialorrhea - **Giovanni Castelnovo**
- Botulinum toxin and obstructive salivary disorders - **Cyrille Chossegros**
- Frey Syndrome, postoperative complications of salivary glands surgery and toxin - **Jérôme Paris**

15h20-15h30

INDUSTRIAL SYMPOSIUM

15h30-16h00

COFFEE BREAK – EXHIBITION VISIT

16h00-17h00

FACIAL SYMMETRIZATION

Chair: **Sophie CONVERSET, Brigitte GIRARD, Jérôme PARIS**

- Anatomy and face symmetrization - **Sophie Converset, Philippe Kestemont**
- Hemifacial spasm and blepharospasm - **Brigitte Girard**
- Periorbital and glance symmetrization - **David Schapiro**

17h00-18h00

PAIN AND TOXIN

Chair: **Giovanni CASTELNOVO, Eric VIEL, Danièle RANOUX**

- Botulinum toxin and headache - **Danièle Ranoux**
- Neuropathic pain and toxin - **Eric Viel**
- Trigeminal neuralgia, new therapeutic approach - **Arnaud Deveze**

Physical Medicine & Rehabilitation:

9h00-10h20

PLENARY ROOM

Chair: **Jérôme PARIS, Guillaume PARIS**

- Lecture: More than 30 years of toxin - **Sophie Sangla**
